4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.

Name of Attached Document Listing Required Information

Broadband Deployment Locations – FCC 14-98 (paragraph 80)

4004a. Attach a list of geocoded locations to which broadband has been deployed as of the June 1st immediately preceding the July 1st filing deadline for the FCC Form 481.

Plateau Telecommunications, Inc. New Mexico RSA 2

Study Area Code: 499006

Response to Line 510 - Service Quality Standards and Consumer Protection Rules

Compliance

In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”² The FCC found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement and that the sufficiency of other commitments would be considered on a case-by-case basis.³ In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”⁴

Plateau Telecommunications, Inc.’s New Mexico RSA 2 (“Company”) was designated as an ETC for the first five months of 2015, however, effective May 20, 2015 the Company received approval from the New Mexico Public Regulation Commission in Case No. 15-00154-UT to relinquish its ETC status due to the sale of its assets to AT&T. The Company certifies that, until May 20, 2015, it complied with applicable service quality standards and consumer protection rules.

¹ *Federal-State Joint Board on Universal Service*, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) (“*2005 ETC Order*”).

² *Id.* at para. 28.

³ *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: “(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy.” *Id.* at n. 71.

⁴ *Id.* at n. 72.

The Company complied with the Cellular Telecommunications Industry Association Consumer Code for Wireless Service (“CTIA Code”) as attached, as well as reporting requirements under Title 17, Chapter 11, Part 27 and Title 17, Chapter 11, Part 10, Section 24 of the New Mexico Administrative Code. The Company furthermore complied with all requirements set forth in the *2015 Open Internet Order*, as it applied to the Company during that time.

New Mexico RSA 2 adheres to 11 points within the CTIA Consumer Code, including disclosing rates, additional taxes, fees, surcharges and terms of service; providing coverage maps; making customer service readily accessible; and allowing a trial period for new service.

1. NEW MEXICO RSA 2 DISCLOSES RATES AND TERMS OF SERVICE TO CONSUMERS

For each service plan offered to new consumers, New Mexico RSA 2 discloses to consumers at point of sale and on its web sites, at least the following information, as applicable: (a) the coverage area for the service; (b) any activation or initiation fee; (c) the monthly access fee or base charge; (d) the amount and nature of any voice, messaging, or data allowances included in the plan (such as night and weekend minutes); (e) the charges for domestic usage in excess of any included allowances or outside of the coverage area; (f) for prepaid service plans, the period of time during which any balance is available for use; (g) whether there are prohibitions on data service usage and whether there are network management practices that will have a material impact on the customer's wireless data experience; (h) whether any additional taxes, fees or surcharges apply; (i) the amount or range of any such fees or surcharges that are collected and retained by the carrier; (j) the amount or nature of any late payment fee; (k) whether a fixed-term contract is required and its duration; (l) the amount and nature of any early termination fee that may apply; and (m) the trial period during which a consumer may cancel service without any early termination fee, as long as the consumer complies with any applicable return policy.

2. NEW MEXICO RSA 2 MAKES AVAILABLE MAPS SHOWING WHERE SERVICE IS GENERALLY AVAILABLE

New Mexico RSA 2 makes available at point of sale and on its web sites maps depicting approximate domestic coverage applicable to each of their service plans currently offered to consumers. To enable consumers to make comparisons among carriers, New Mexico RSA 2 generated this map using generally accepted methodologies and standards to depict outdoor coverage. All such maps will contain or link to an appropriate legend concerning limitations and/or variations in wireless coverage and map usage, including any geographic limitations on the availability of any services included in the plan. New Mexico RSA 2 periodically updates such maps as necessary to keep them reasonably current. If necessary to show the extent of service coverage available to customers from carriers' roaming partners, New Mexico RSA 2 incorporates coverage maps from roaming partners that are generated using similar industry-accepted criteria, or if such information is not available, incorporate publicly available information regarding roaming partners' coverage areas.

3. NEW MEXICO RSA 2 PROVIDES CONTRACT TERMS TO CUSTOMERS AND CONFIRMS CHANGES IN SERVICE

When a customer initiates new service or a change in existing service, New Mexico RSA 2 provides or confirms any new material terms and conditions of the ongoing service with the customer.

4. NEW MEXICO RSA 2 ALLOWS A TRIAL PERIOD FOR NEW SERVICE

When a customer initiates postpaid service with New Mexico RSA 2, the customer will be informed of and given a period of not less than 14 days to try out the service. New Mexico RSA 2 does not impose an early termination fee if the customer cancels service within this period, provided that the customer complies with applicable return and/or exchange policies. Other charges, including usage charges, may still apply.

5. NEW MEXICO RSA 2 PROVIDES SPECIFIC DISCLOSURES IN ADVERTISING

In advertising of prices for wireless service plans or devices, New Mexico RSA 2 discloses material charges and conditions related to the advertised prices and services, including if applicable and to the extent the advertising medium reasonably allows: (a) whether activation or initiation fees apply; (b) monthly access fees or base charges; (c) the amount and nature of any voice, messaging, or data service allowances included in the plan; (d) the charges for any domestic usage in excess of any included allowances or outside of the coverage area; (e) for prepaid service plans, the period of time during which any balance is available for use; (f) whether there are network management practices that will have a material impact on the customer's wireless data experience; (g) whether any additional taxes, fees or surcharges apply; (h) the amount or range of any such fees or surcharges that are collected and retained by the carrier; (i) whether a fixed-term contract is required and its duration; (j) early termination fees; (k) the terms and conditions related to receiving a product or service for "free;" (l) for any service plan advertised as "nationwide," (or using similar terms), the carrier will have available substantiation for this claim; and (i) whether prices or benefits apply only for a limited time or promotional period and, if so, whether any different fees or charges will apply for the remainder of the contract term.

6. NEW MEXICO RSA 2 SEPARATELY IDENTIFIES CARRIER CHARGES FROM TAXES ON BILLING STATEMENTS

On customers' bills, New Mexico RSA 2 distinguishes (a) monthly charges for service and features, and other charges collected and retained by New Mexico RSA 2, from (b) taxes, fees and other charges collected by New Mexico RSA 2 and remitted to federal state or local governments. New Mexico RSA 2 will not label cost recovery fees or charges as taxes.

7. NEW MEXICO RSA 2 PROVIDES CUSTOMERS THE RIGHT TO TERMINATE SERVICE FOR CHANGES TO CONTRACT TERMS

New Mexico RSA 2 will not modify the material terms of their postpaid customers' contracts in a manner that is materially adverse to those customers without providing a reasonable advance notice of a proposed modification and allowing those customers a time period of not less than 14 days to cancel their contracts with no early termination fee.

8. NEW MEXICO RSA 2 PROVIDES READY ACCESS TO CUSTOMER SERVICE

Customers will be provided a toll-free telephone number to access New Mexico RSA 2's customer service during normal business hours. Customer service contact information will be provided to customers online and on billing statements. New Mexico RSA 2 provides information about how customers can contact the carrier in writing, by toll-free telephone number, via the Internet or otherwise with any inquiries or complaints, and this information is included, at a minimum, on all billing statements, in written responses to customer inquiries and on New Mexico RSA 2's web sites. New Mexico RSA 2 also makes such contact information available, upon request, to any customer calling customer service departments.

9. NEW MEXICO RSA 2 PROMPTLY RESPONDS TO CONSUMER INQUIRIES AND COMPLAINTS RECEIVED FROM GOVERNMENT AGENCIES

New Mexico RSA 2 responds in writing to state or federal administrative agencies within 30 days of receiving written consumer complaints from any such agency.

10. NEW MEXICO RSA 2 ABIDES BY POLICIES FOR PROTECTION OF CUSTOMER PRIVACY

New Mexico RSA 2 abides by a policy regarding the privacy of customer information in accordance with applicable federal and state laws, and makes available to the public its privacy policy concerning information collected online. New Mexico RSA 2 abides by the CTIA Best Practices and Guidelines or Location-Based Services.

11. NEW MEXICO RSA 2 PROVIDES CONSUMERS WITH FREE NOTIFICATIONS FOR VOICE, DATA AND MESSAGING USAGE, AND INTERNATIONAL ROAMING

New Mexico RSA 2 provides, at no charge: (a) a notification to consumers of currently-offered and future domestic wireless plans that include limited data allowances when consumers approach and exceed their allowance for data usage and will incur overage charges; (b) a notification to consumers of currently-offered and future domestic voice and messaging plans that include limited voice and messaging allowances when consumers approach and exceed their allowance for those services and will incur overage charges; and (c) a notification to consumers without an international roaming plan/package whose devices have registered abroad and who may incur charges for international usage. New Mexico RSA 2 generates the notifications described above to postpaid consumers based on information available at the time the notification is sent. Wireless consumers will not have to affirmatively sign up in order for these notifications to be sent. New Mexico RSA 2 clearly and conspicuously discloses tools or services that enable consumers to track, monitor and/or set limits on voice, messaging and data usage.

Response to Line 610 - Ability to Function in Emergency Situations

Plateau Telecommunications, Inc.'s New Mexico RSA 2 ("Company") was designated as an ETC for the first five months of 2015, however, effective May 20, 2015 the Company received approval from the New Mexico Public Regulation Commission in Case No. 15-00154-UT to relinquish its ETC status due to the sale of its assets to AT&T. The Company certifies that, until May 20, 2015, it was able to function in emergency situations as set forth in the Code of Federal Regulations, Title 47, Part 54, Subpart C, §54.202(a)(2).¹ The Company's network was designed to remain functional in emergency situations without an external power source, was able to reroute traffic around damaged facilities, and was capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company was able to change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations also allowed the Company to manage traffic spikes throughout its network, as emergency situations required.

The Company was able to function under emergency operations in accordance with part 17.11.22.10 of the New Mexico Administrative Code. Specifically, these regulations require telecommunications service providers to maintain a minimum of four hours of battery reserve rated for peak traffic load requirements and to have available a mobile power unit which could be delivered and connected within four hours. The New Mexico regulations also require all local

¹ Section 54.202(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."

exchange carriers to establish and maintain a written emergency procedure plan and to train employees on such procedures. All such plans were on file with the New Mexico Public Regulation Commission.

In addition, the Company's network for cellular operations was homed back to a central switching center that was fully supported by automated emergency back-up generators. The connecting trunking and signaling circuits were also on a diverse route to avoid prolonged outages. The Company's tower sites had one to eight hours of battery back-up and strategic sites had emergency generators. If necessary, in emergency situations, the Company could deploy portable or temporary cellular base stations.
